National Referee Examination Study Guide

October 2008

Information

These are the study questions used to prepare for the written test for the USFA National Referee Rating. Questions for the written examinations are chosen from those listed here. The Fencing Officials Commission strongly recommends that Referee candidates study the *USFA Fencing Rules* prior to taking an examination. The questions in the Study Guide are presented in the order of the relevant rules. If a candidate is unable to find the ANSWER to a specific question in the *Rules*, an FOC Examiner or Instructor may be consulted. Please disregard all Study Guide materials with an earlier date.

A score of 90% or better is required in the general section and each of the weapons being examined. The required passing scores are as follows:

General 54/60
Foil 27/30
Épée 27/30
Sabre 27/30

To obtain a rating in a particular weapon, a candidate must both attend a Referee Seminar, and pass the written General Section as well as the specific weapon section, in any order. Within one year of successful completion of the written portion of the exam, a candidate must also pass a practical examination. The written examination is to be taken without any references (e.g., the *Rules*, Penalty Chart, consultation with others).

Please Note: These questions are based on the current *USFA Fencing Rules*, as adopted by the USFA Board of Directors.

Ten domestic classification (10, the lowest, through 1, the highest) and the international (FIE) classifications are recognized by the USFA.

A level 10 rating requires a passing score on the written exam and a successful practical exam at a level equivalent to the finals of an E rated competition

A level 9 rating requires a passing score on the written exam and a demonstrated proficiency at a level equivalent to the finals of a D rated competition.

A level 8 rating requires a passing score on the written exam and a demonstrated proficiency at a level equivalent to the finals of a C rated competition.

A level 7 rating requires a passing score on the written exam and a demonstrated proficiency at a level equivalent to the finals of a B rated competition.

A level 6 rating requires a passing score on the written exam and a demonstrated proficiency at a level equivalent to the finals of an A rated competition.

A level 5 rating requires a passing score on the written exam and a demonstrated proficiency at a level equivalent to the round of pools in an Open North American Cup competition. A level 5 rating must be earned before subsequent ratings can be earned.

A level 4 rating requires a demonstrated proficiency at a level equivalent to the Direct Elimination round of 64 of an Open North American Cup competition.

A level 3 rating requires a demonstrated proficiency at a level equivalent to the Direct Elimination round of 16 of an Open North American Cup competition.

A level 2 rating requires a demonstrated proficiency in the finals of an Open North American Cup competition.

A level 1 rating requires a demonstrated proficiency at any level of an Open North American Cup competition.

Notes

It is now a requirement to pass a practical referee exam in order to obtain any rating. Passing the written exam and completing the Referee Seminar Program, will yield a "P" designation in the referee database.

Demonstrated proficiency means repeated and consistent work at that level, over the course of at least two seasons. A single appearance in a finals does not entitle one to a rating increase. Indeed, a season's work can be erased by a single bad performance. If this seems unfair, ask a fencer about the consequences of a single bad performance on his/her standing at any level.

In order to be considered for a rating increase, the referee must demonstrate consistent skill and knowledge with the rules and practice of refereeing, as well as exemplary conduct as a referee.

 - b. allow X's touch; caution X to be more careful
 - c. annul X's touch; X receives a YELLOW CARD
29. In a pool bout, Fencer X has received a YELLOW CARD for nonconforming equipment and is losing 3-2. Fencer Y attacks and scores a valid touch. In attempting to avoid the attack, X falls.
 - a. X is now losing 4-1
 - b. X is now losing 4-2
 - c. X has lost the bout 5-2

30. Having already received a YELLOW CARD for raising the mask before the Referee called Halt, X parries while turning the back and then makes a riposte that arrives on the opponent's valid surface.
- annul X's touch; X receives a RED CARD
 - allow X's touch; X receives a RED CARD
 - annul X's touch; X receives a YELLOW CARD
31. In a pool bout, Fencer X has received a YELLOW CARD for non-conforming equipment and is winning 4-2. X attacks, sees the machine register a valid touch and, in excitement, removes the mask before the Referee calls Halt!
- X has won 5-2
 - X is now winning 4-3
 - X has won 5-3
32. No penalties have been given. With the back hand, Fencer X pushes Fencer Y's blade aside. X then touches Y on the valid surface.
- allow X's touch; X receives a YELLOW CARD
 - annul X's touch; X receives a RED CARD
 - annul X's touch; X receives a YELLOW CARD
33. The lateral position for fencers when they are placed on guard must be:
- the middle of the width of the strip
 - the side opposite the Referee if one fencer is left-handed
 - wherever the fencers wish to be
34. No other penalties have been given. At the referee's command "Ready," Fencer X comes on guard with his or her weapon curved beyond the maximum allowed by the rules for the weapon.
- YELLOW CARD for X
 - the Referee instructs X to straighten the blade.
 - the Referee issues X a verbal warning, and instructs X to straighten the blade.
35. Fencer X attacks before the command Fence! is given. Fencer Y parries successfully and scores a valid touch on the immediate riposte.
- award a touch for X
 - award a touch for Y
 - no touch awarded
36. Fencer X stops for any reason other than the Referee's Halt! during a phrase and is hit valid by Fencer Y.
- award a touch for Y
 - annul touch by Y
 - annul touch by Y only if there were loud and confusing noises
37. Fencer X executes an attack. After scoring a valid touch, X then leaves the side of the strip with both feet.
- award a touch for X
 - annul the touch; Y advances one meter
 - annul the touch; Y remains in place and X assumes normal distance
38. Fencer X drops the weapon after Fencer Y executes a parry. Y's immediate riposte scores a valid touch.
- touch annulled
 - award a touch for Y
 - award a touch for X
39. As Fencer X makes a straight attack, the Referee notices that Fencer Y is in danger of tripping over the reel. The Referee calls Halt! At the moment of the Halt! Fencer Y makes a parry and then an immediate riposte that lands valid on X.
- award a touch for Y
 - do not award the touch, as the action started after the Halt!
 - do not award the touch; caution Y for continuing to fence after the Halt!
40. Fencer X makes an attack, which is parried. X is off the side of the strip in front of Y with both feet before Fencer Y's riposte starts. Y's riposte lands valid.
- award a touch for Y
 - do not award a touch; place the fencers on guard where they were, but in the lateral center of the strip
 - do not award a touch; have Y advance one meter, and then place them in the lateral center of the strip

- X receives a YELLOW CARD
 - X receives a RED CARD; score is now 15-6; X loses
 - annul the next touch, if any, scored by X
57. The correct distance between fencers when they come on guard (other than at the on guard lines) is:
- four meters for sabre and Referee's discretion for foil and épée
 - four meters for all weapons
 - when both fencers are in a proper on guard position with the weapons in line, the points should not overlap
58. Replacement on guard at the beginning of each round of a direct elimination bout is:
- at the position occupied by the fencers at the end of the previous round
 - at the on guard lines
 - if the score is tied, the fencers take up the positions occupied at the end of the previous round; if one fencer is leading, that fencer holds position and the opponent retreats to proper fencing distance
59. If time expires with a tied score in either a pool or direct elimination bout, the fencers are replaced on guard:
- at the position occupied by the fencers at the end of the previous round
 - at the on guard lines
 - if the score is tied, the fencers take up the positions occupied at the end of the previous round; if one fencer is leading, that fencer holds position and the opponent retreats to proper fencing distance
60. When a Halt! is called, Fencer X and Fencer Y are very close but not in body contact and X is straddling X's end line.
- place X on guard one meter from X's end line; Y assumes correct distance
 - X remains in place; Y assumes correct distance
 - award a touch for Y
61. In an advance-lunge, Fencer X steps off the side of the strip with both feet during the advance, but recovers the strip and then scores a valid touch on Fencer Y.
- no touch; place the fencers on guard where they are
 - no touch; Y advances one meter
 - award a touch for X
62. In an advance-lunge, Fencer X steps off the side of the strip with one foot during the advance, but recovers the strip and then scores a valid touch on Fencer Y.
- no touch; place the fencers on guard where they are
 - no touch; Y advances one meter
 - award a touch for X
63. In an advance-lunge, Fencer X scores a valid touch on Fencer Y, stepping off the strip with the front foot at the completion of the lunge.
- no touch; place the fencers on guard where they are
 - no touch; Y advances one meter
 - award a touch for X
64. Fencer X retreats over the rear limit of the strip with both feet.
- award a touch for Fencer Y
 - replace X on guard at the warning line
 - replace X on guard at the rear limit
65. A Halt! is called when Fencer X retreats so that both feet are behind the end line before Fencer Y's simple attack lands valid. The attack was started while X was still in front of the end line.
- award one touch for Y
 - award two touches for Y
 - no touch awarded

66. Fencer X has retreated behind the end line while parrying Fencer Y's attack. X makes an immediate valid riposte.
- award a touch for X
 - award a touch for Y
 - no touch awarded
67. Fencer X retreats with both feet behind the end line while parrying Fencer Y's attack. Y then makes a replacement, which X parries, and X then scores an immediate valid riposte.
- award a touch for X
 - award a touch for Y
 - no touch awarded
68. A fencer steps off the side of the strip with one foot. The Rules direct the Referee to:
- allow the action to continue
 - call Halt! and penalize with the ground penalty
 - call Halt! and place the fencers back on guard in the lateral center of the strip
69. During an action, Fencer X crosses the lateral boundary of the strip with both feet (not in order to avoid being hit).
- call Halt! and replace X on guard where X left the strip; Fencer Y takes proper distance
 - call Halt! and place the fencers on guard with the point where X left the strip as center
 - call Halt! and advance Y one meter from where Y was on the strip when X went off the strip; X takes proper distance
70. Fencer X goes off the side of the strip with one foot between Fencer Y and the end line. Y was standing 2.25 meters from X's end line when X went off the side of the strip. The end result is:
- place X on guard with X's rear foot at the end line
 - place X on guard one meter back from where X left the strip
 - award a touch for Y
71. At the start of a five-touch bout, the clock is set for:
- 6 minutes
 - 5 minutes
 - 3 minutes
72. In which of the below circumstances is a touch awarded after time has expired?
- never
 - if it is an immediate riposte
 - if the action began before the Halt!
73. If the clock fails, the Referee should:
- retain the touch score and restart the clock
 - retain the touch score and restart the clock with one minute remaining
 - retain the touch score, estimate the time expired, and restart the bout from that point
74. Fencer X causes interruptions early in a bout after a penalty for the same fault in a previous bout in the pool.
- X receives a YELLOW CARD
 - X receives a RED CARD
 - X receives a BLACK CARD
75. For recovery from a verified accident (once for the same injury in one day), a fencer is allowed:
- no time
 - 10 minutes from the time the injury occurs
 - 10 minutes from the time the injury is verified
76. Fencer X has already had a verified sprained ankle occur in the current bout and has taken a ten minute break. During a subsequent action, X sprains a finger.
- require X to continue as one injury time out has already been granted
 - if requested, allow X another ten minute break
 - award a touch for X's opponent
77. Fencer X had a verified sprained ankle and took a ten minute break during the round of pools. During the third round of direct elimination, X receives a touch to the hand that sprains X's finger.
- require X to continue as one injury time out has already occurred
 - if requested, allow X another ten minute break
 - award a touch for X's opponent
78. Fencer X has a sprained ankle. X states that the ankle was sprained the day before while playing basketball and that, as it still hurts, an injury time out is officially requested.
- require X to continue
 - if requested, allow X a ten minute break
 - require X to continue; RED CARD for X
79. Fencer X appears physically incapable of continuing the bout.
- require X to withdraw
 - require X to withdraw after consultation with medical personnel
 - request X to withdraw as all competitors fence at their own risk

80. At the end of a pool, the Referee should:
- immediately return the scoresheet to the Bout Committee
 - immediately total all indicators, announce the results, have all fencers sign the scoresheet, and then return the scoresheet to the Bout Committee
 - immediately total all indicators, announce the results, and then return the scoresheet to the Bout Committee
81. The score in a bout is not tied and time expires before the maximum number of touches has been scored.
- the score is recorded as that at the expiration of time
 - the touches for each fencer are raised by one simultaneously until one fencer's score reaches the maximum number of touches
 - the score of the fencer who has made more touches is raised to the maximum number of touches
82. A fencer in a six-fencer pool who wins three bouts has a victory indicator of:
- 0.300
 - 0.500
 - 0.600
83. A fencer in an elimination pool who receives ten touches and scores twenty touches has a touch indicator of:
- 10
 - 0.5
 - +10
84. In a pool two fencers have a 0.600 victory indicator. Fencer X has scored 23 touches and received 17. Fencer Y has scored 21 touches and received 15. For placing:
- fence a 5-touch bout to determine their relative places
 - X is placed above Y
 - Y is placed above X
85. In a pool, two fencers who have qualified to the next round have a victory indicator of 0.600, a touch indicator of +4, and the same number of touches scored. In seeding the table:
- they are classified as equal; placement in the table is determined by the drawing of lots
 - a barrage is fenced to determine their relative placement in the table
 - the winner of the pool bout between these two fencers is seeded higher
86. How much time is a fencer allowed between consecutive bouts?

 - allow X to fence with the weapon if X's opponent agrees; X receives another YELLOW CARD
 - X receives a RED CARD; confiscate the second weapon; X gets another weapon
303. With no penalties given, Fencer X appears at the strip without a retainer to secure the body cord in the guard.
- allow X to fence with the weapon, but advise X that a touch cannot be annulled if the body cord comes out
 - allow X to fence with the weapon if X's opponent agrees
 - X receives a YELLOW CARD; confiscate the weapon; X gets a second weapon
304. What feature(s) should be checked about the épée handle?
- for orthopedic grips, there is no covering (e.g., tape) allowed on the handle that could hide wires or switches; the hand may be fixed in only one position, with the thumb 2 centimeters or less from the guard
 - the handle must be longer than 20 centimeters; the extremities of the handle must be electrically insulated
 - for all handles, the extremities of the handle must be electrically insulated; for orthopedic grips, the hand may be fixed in only one position, with the thumb 2 centimeters or less from the guard
305. What should be checked about the inside of an épée guard?
- the épée wires must be soldered to the connector; there must be a retaining device for the body cord
 - the épée wires must be contained in a single piece of insulated sheath and covered by a thumb pad; there must be a retaining device for the body cord
 - the épée wires must be individually covered with insulated sheaths and covered by a thumb pad; there may be no covering (e.g., tape) on an orthopedic handle that could hide wires or switches; there must be a retaining device for the body cord
306. In a pool bout, Fencer X has received a YELLOW CARD for non-conforming equipment and is losing 3-2. Fencer Y attacks and X counter attacks; both hit on valid surface, with the machine indicating a double touch. In the course of the action, X falls.
- X is now losing 4-3
 - X has lost the bout 5-2
 - X has lost the bout 5-3
307. May the épée be held by the pommel?
- yes, always
 - no
 - yes, but only if it does not have an orthopedic grip.
308. No penalties have been given. Fencer X has systematically caused corps à corps, but without jostling.
- X receives a YELLOW CARD
 - no penalty, but call Halt! on contact; any touch scored with an action started after the corps à corps will not be awarded, as it will automatically be after the Halt!
 - no penalty, but call Halt! only if both fencers cease offensive action
309. Fencer X attacks with a flèche. Fencer Y parries and makes an immediate riposte on X, who is now behind Y. After passing Y, X starts an action that hits Y. The machine indicates a double touch.
- award a touch for Y
 - award a double touch
 - no touch awarded
310. Fencer X attacks with a flèche and is off the strip with both feet just before the attack lands. Fencer Y had started a counter attack before X left the strip. The machine indicates a double touch.
- award a touch for Y
 - award a double touch
 - no touch awarded

311. Fencer Y makes a flèche attack and Fencer X attempts a stop hit while retreating over the rear limit, which lands when X has both feet off the strip. The machine indicates a double touch.
- award a double touch
 - annul the double touch, touch for Y
 - award a touch for Y
312. What is the maximum bend allowed in the épée blade?
- none
 - less than 1 centimeter, located near the center of the blade
 - less than 2 centimeters, located near the center of the blade
313. How may the épée blade be bent?
- no bend is allowed
 - up or down
 - down only
314. The épée spring must push back a test weight of how many grams?
- 500
 - 750
 - 1000
315. Fencer X reports to the strip with a mask that has the upper portion taped with a vinyl tape to reduce glare. Fencer Y objects that the tape might cause a point to glance off.
- ignore the objection
 - Y's objection is correct only if the mask is completely covered by the material; Y receives a YELLOW CARD
 - have the tape removed if the technical expert states that the tape is illegal; X receives a YELLOW CARD
316. With no previous penalties, Fencer X appears on the strip wearing a waist-length jacket.
- X receives a YELLOW CARD; X must change jacket
 - X receives a YELLOW CARD unless the jacket overlaps the breeches by 10 centimeters
 - no penalty
317. No penalties have been given. Fencer X drags the point of the épée along the strip while retreating.
- call Halt!; X receives a YELLOW CARD
 - call Halt!; X receives a RED CARD
 - allow fencing to continue because the point is being dragged, not pushed
318. Fencer X attacks, and the Referee clearly sees the machine indicate a good touch when X's point is on the blade in front of Fencer Y's guard. Subsequent tests reveal no rust, glue or other foreign substance on the blade.
- award a touch for X
 - annul the touch if the Referee can recreate the situation
 - annul the touch
319. With no other penalties having been given, Fencer X intentionally touches the ground outside the metallic strip to cause a halt.
- X receives a YELLOW CARD

- annul both touches
 - do not annul any touches
 - annul the last touch
321. The proper procedure for testing the weapon at the request of a fencer is:
- simply press the point down; if it does not work, check all the connections to see where the problem lies
 - check that the fencer is plugged in at the back; check that the fencer is plugged in at the front; check that the wires are attached to the connector; check that the barrel is not loose; then (and only then), if everything is correct, press the point down
 - press the point down five times to find out if the weapon does not work on any of the five tries
322. Fencer X is hit and presents the épée for testing. On the first test the épée fails to register a touch, but all subsequent tests properly register a touch.
- annul the touch
 - award a touch for X's opponent
 - call the technical expert; if the technical expert certifies that all equipment is working correctly, award a touch for X's opponent
323. The Referee awards a touch for Fencer X. After the touch is awarded, the Referee sees Fencer Y simply press the tip of the épée; it does not work. Y then submits it to the Referee for testing.
- test the weapon; annul the touch if it does not work
 - test the weapon; annul the touch even if it does work, because Y found it defective
 - touch cannot be annulled, because the Referee did not make the initial test

324. Fencer Y scores a touch on Fencer X. Fencer X then shows the Referee that the body cord became unplugged from the connector inside the guard.
- award a touch for Y
 - annul Y's touch
 - annul Y's touch only if there is a retaining device on X's connector
325. A valid touch is registered by Fencer Y. The Referee believes the touch may have been on Fencer X's hand. X claims the touch occurred on the guard. In testing, a small area of oxidation is found that will cause a valid touch to be registered.
- award a touch for Y, X replaces the epee
 - annul Y's touch
 - call the technical expert; if the oxidation area has less than 50 ohms resistance, annul Y's touch
326. Even though Fencer X is hit on the chest, nothing registers on the machine. It is found that X's jacket has become saturated with perspiration, electrically grounding out touches by Fencer Y.
- award a touch for Y if the Referee clearly sees it arrive on the valid surface
 - have X change jackets; do not award a touch
 - have X tape the weapon's handle; do not award a touch
327. The Referee observes a small hole in the metallic strip while the bout is in progress.
- call Halt! and have the hole repaired
 - wait until a normal halt and then have the hole repaired
 - wait until the bout is complete and then have the hole repaired
328. During the action, Fencer X and Fencer Y attack simultaneously. Their tips obviously touch, causing both valid lights to illuminate.
- Call Halt! Award a touch for both fencers
 - Call Halt! Give both fencers a RED CARD for touch not on the valid target.
 - Call Halt! Disallow both touches and place fencers on guard at the point where the action started.
329. Double touches are registered. Fencer Y has clearly hit Fencer X, but X's touch is doubtful.
- annul the double touch
 - X may decide to have the double touch awarded or annulled
